

2016 Support and Prayer Women's Ministry Clusters

Each year the regional women's ministries committee connects each committee member with a group of churches. We do this to provide each church with a committee member who

- Reminds churches of upcoming events and registration deadlines
- Is available to pray for specific requests
- Is available as a resource to answer questions and suggest resource materials

Please check the list below and note your cluster committee person's name and contact info.
